

# **CLUB LOUNGE**

The United Club Level offers two lounges, East and West. The East Club overlooks the Denver skyline thru 40' windows while the West Club is ideal for morning meetings and also is more convenient for access from the parking lot. The interior is a contemporary design with light oak, brushed steel accents and floor to ceiling windows. Each lounge is equipped with a video projection wall system that can accommodate multiple in-house channels along with an array of presentation applications perfect for daytime meetings or an awards dinner presentation.

The fireside lounge offers the perfect backdrop to kick off the event before enjoying dinner in one alcove followed by post dinner entertainment in another alcove, should you choose. With three custom bars and a collection of high and low cabaret tables, this room is ideal for receptions for 250 – 3,000 guests.

**Catering Services:** You will work with Epicurean Catering on the food services and Centerplate Catering on the bar services, should you select to offer. Each company is noted below, please contact them for sample menus and prices.
